## COLLEAGUES:

CONTEXTS magazine is soliciting individual photographs and sets of images on the following topics. If you or your students have images or image sets that match these topics, please consider submitting them for review. If you know other social researchers or photographers who might be interested in submitting related work, please forward this note to them.

SUBMIT REVIEW COPIES BY (TBA, 2003). ### CONTEXTS 2:4

**To be announced (themes will be posted on this page soon)**

---

CONTEXTS is a relatively new quarterly magazine that publishes articles and images examining society and social behavior. CONTEXTS is published by the University of California Press for the American Sociological Association and was recently recognized by the Professional and Scholarly Publishing Division of the Association of American Publishers as "the best journal in the social sciences for 2002." <http://www.asanet.org/media/contextaward.html>

**COPYRIGHT, CREDITS AND COMPENSATION:** As an academic journal, CONTEXTS cannot compensate contributors for text or images selected for publication (Indeed, CONTEXTS does not even pay for editors like me who volunteer our time to put the publication together!) Copyright for all images appearing in CONTEXTS are retained by the contributors. All photographs selected for publication in the magazine appear with full credit to the individuals and organizations submitting them. More information can be found on the ASA web site at: <http://www.asanet.org/contexts/>
